

The **Financial Literacy in Marginalised Communities (FLIMCO)** project successfully gained Erasmus+ funding in 2018.

The project kicked off in Salerno, Italy in October 2018

The second meeting took place in Southampton in the United Kingdom in April 2019.

### **IO1**

- First draft completed, and presented by Accion Laboral
- Quality and completeness checking by partners
- Best practice research to be added to handbook

### **IO2**

- Partners are researching financial literacy frameworks from their countries
- Collation and summary of partners' research by Eurospeak
- Development of the framework by Eurospeak to begin

### **IO3**

- Similar learning platforms presented by Danmar Computers
- Functional and user-focused practicalities considered
- Decision made on the most important aspects of the platform

### **Expected impact**

- VET organisations will increase understanding of cultural behaviour and financial literacy links
- Organisations can develop and deliver their own financial literacy courses, modules and materials
- Target groups will increase their financial literacy directly through a focused e-course

The next project meeting will take place in Austria in September 2019.
